

IRIS Recognition Access Control & Time Attendance

TW-IriGoMini

TW-IriGoMini is an easy-to-use iris recognition access control and time attendance device. This iris recognition terminal is remarkably compact in size, yet it retains all the necessary functions without any compromise. TW-IriGo Mini could be a more advanced option compared to face recognition and fingerprint devices, all while being offered at a comparable cost.

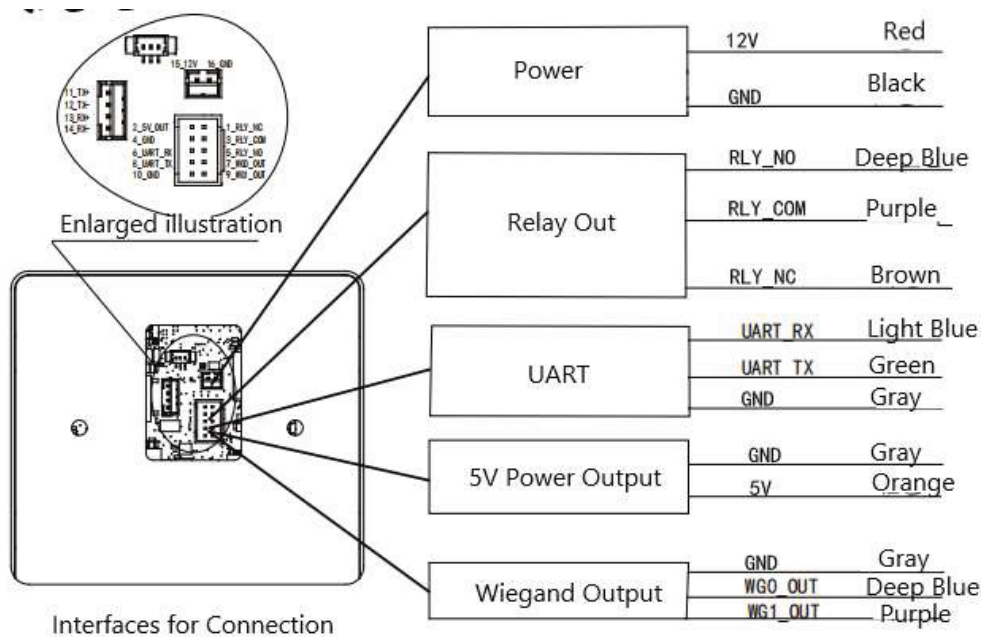

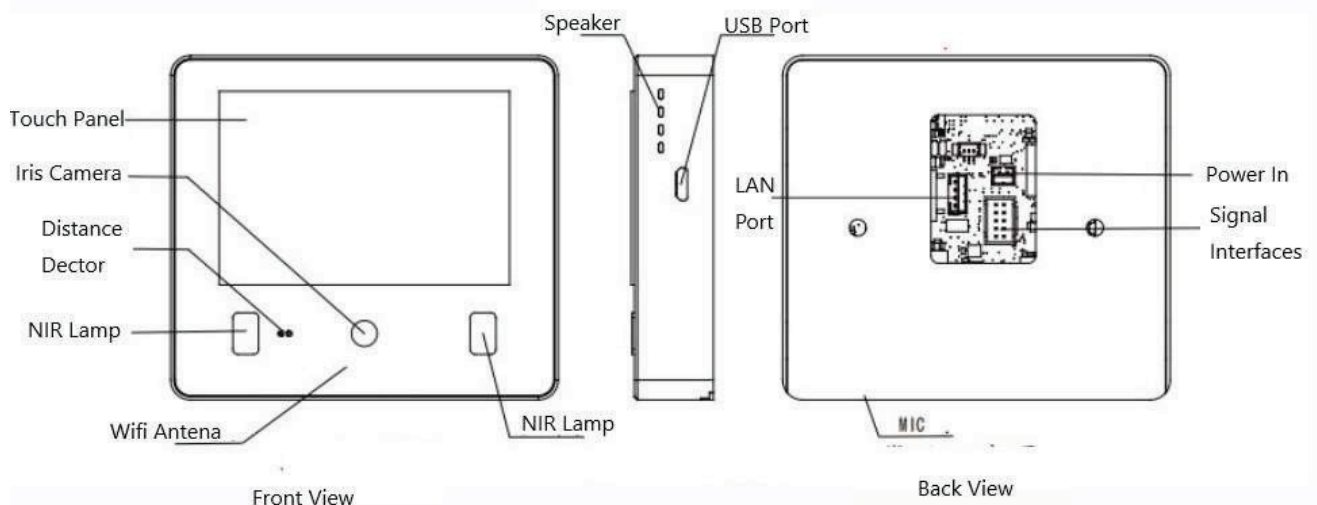

- Unique & most stable biometric credential.
- High matching speed and accuracy.
- Free from spoof.
- Contact less and identification occurs solely upon the user's intentional usage.
- Functionality in almost all lighting conditions, regardless of whether the user is wearing goggles, a mask or protective suit.
